With your signature you confirm your binding participation in the market and the competition exhibition as well as your agreement to the conditions of participation.

Please note: If you wish to return your application photos, please enclose a self-addressed, stamped envelope!

CONDITIONS OF PARTICIPATION

The potters' market in Hüfingen - an event organized by the town of Hüfingen - is a small but nice market with 30 to 50 participants, which is designed with a view to quality, manageability and sales opportunities.

Participants will be selected and will receive a confirmation of participation by e-mail or post in mid/end March 2024, which is binding for both parties. Applicants who are not accepted will also be notified at the aforementioned time in 2024. The selection by the market management cannot be contested.

Parallel to the pottery market, a competition exhibition will take place in the town hall gallery, in which market participants can take part with their own works.

As part of the International Ceramics Weeks, exhibitions of contemporary ceramics independent of the market will be organized in the Hüfingen City Museum of Art and History.

The all-inclusive basic price for a market stand area up to 3.5 m wide and 2 m deep is 165,00 €. An additional 20,00 € will be charged for each additional running meter or part thereof.

You will receive a separate invoice from the town of Hüfingen for the transfer of the market fee.

If you cancel your registration after March 31, 2024, the market fee can no longer be waived, as the advertising materials are already being processed at this time.

In the event of a market inspection, please present your trade license, your tax number and/or your written recognition as a freelance artist.

Only professional ceramists will be admitted to the market. Academic and/or craft training is desirable but not mandatory; the organizer will decide on admission solely on the basis of the quality of the work.

There is no entitlement to a specific stand location. The places will be allocated by the organizer according to the registered stand formats and the overall concept of the market.

Only ceramics made by hand or in small series from the workshop registered for the market may be offered for sale.

The workshop owner or a direct employee of the workshop must be present at the market stall.

Market participants are personally liable for any damage to the stall, the goods, the vehicles and in the event of theft.

The stalls should be creatively and carefully designed in a manner appropriate to the goods on offer.

The commitment for the Hüfingen Pottery Market is valid for the current event year

The offer must correspond in type and quality to the goods presented in the application documents submitted.

By signing the application form, you acknowledge the conditions of participation and the application requirements.

Unfortunately, applications without photos and applications received after 29.02.2024 cannot be considered.

We look forward to receiving your application!
